Career Objective

As a fresher, I am seeking a challenging role in a reputed organization where I can utilize my creative skills, technical knowledge, and innovative ideas for the growth of the organization. I aim to work in a professional environment that encourages learning, technological development, and career growth while helping me build a strong and successful professional career.

Educational Attainments

2023-2027 **B.Sc. in Computing and Information System (Major AI in IOT),**

Institution: Daffodil International University(DIU), Birulia,savar,Dhaka,

Pursuing

CGPA: 3.94 (Out of 4.00)

2019-2021 **Higher Secondary Certificate(HSC), Science,**

Institution: khulna Govt. Girls College, , Boira , Khulna,

5.00 (Out of 5.00)

2019 **Secondary School Certificate(SSC), Science,**

Institution: Kumira ML High School,, Kumira,Tala, Satkhira,

5.00 (Out of 5.00)

Scholarship: Genaral

2016 **Junior School Certificate(JSC),**

Institution: Kumira ML High School,, Kumira,Tala, Satkhira,

5.00 (Out of 5.00)

Scholarship: Talenful

2013 **Primary School Certificate(PSC),**

Institution:Sonamoni K.G school,, Patkelghata,Tala, Satkhira,

5.00 (Out of 5.00)

Scholarship: Talenful (position 2nd in Upzilla)

Relevant Experiences

05/26-Present **Research Assistant (Part-time),**

Lab: Centre for Advanced Machine Learning Applications (CAMLAs), Dhaka, Bangladesh,

Assisting in data collection, analysis and interpretation, Conducting literature reviews and supporting research projects, preparing reports, presentations, and papers for publication, participating in meetings and collaborating with team members.

Achievements

1. Maintained **CGPA 3.94** till 5th semester (continue)
2. Achieved 4th **position** in the Project Contest segment of "AI Fest 2025" for developing "DIU clearance management system"
3. Received the **Government Scholarship(Genaral)** for SSC, examinations in 2019 from the Satkhira Zone.
4. Received the **Government Scholarship(talented)** for JSC examinations in 2016 from the Satkhira Zone.
5. Received the **Government Scholarship(talented)** for PSC examinations in 2013 from the Satkhira Zone.
5. Achieve 1st position in Ham-nath compition of **Nation Education week(2017)** under zila
6. Achieve 1st position in Ham-nath compition of **Nation Education week(2018)** under zila
7. Achieve 1st position in Ham-nath compition of **Nation Education week(2019)** under zila
8. Debate champion under Thana(2015).
9. Debate champion under upzila(2016).

Tools	Code Blocks, Netbeans, Jupyter Notebook, Cytoscape, Google Colab, Kaggle, CoCal, Enrichr, AutoDock Vina, PyRx
Data science	Pandas, Numpy, Matplotlib, Seaborn, Jupyter
Framework	Springboot

Software Projects

- Project 1 **Diu clearance management system,**
Functionality: A secure university portal where students pay dues via bKash/Visa, track 5 types of clearance, generate tamper-proof QR badges for hall entry, and get AI-powered account assistance, all protected by real-time fraud detection,
 Technology used: Python, php, Rest Api, MySQL, Html, CSS, JS
- Project 2 **Developing Banking system Application using Java ,**
Functionality: Account management, balance inquiry, cash withdrawal, deposit, and transaction processing.,
 Technology used: Java
- Project 3 **DIU Vehicle Management System,**
Functionality: vehicle record management, driver information handling, trip scheduling, data tracking, and automated administrative operations,
 Technology used: linux
- Project 4 **Developed a website for AI fest 2026,**
Functionality: Featuring event registration, participant management, schedule updates, announcements, and interactive user-friendly navigation.,
 Technology used: Php, Rest Api
- Project 5 **DIU Campus Networking,**
Functionality: Implementing VLANs, routing, switching, IP addressing, subnetting, and network security configurations,
 Technology used: Cisco Packet Tracer
- Project 6 **DIU clearance management system,**
Functionality: A secure university portal where students pay dues via bKash/Visa, track 5 types of clearance easily.,
 Technology used: Spring Boot, ThymeLeaf, data JPA, React
- Project 7 **Face Detection model,**
Functionality: Enabling real-time face detection from images or webcam input with automated face recognition, detection bounding boxes, and user-friendly web interface for interactive use.,
 Technology used: Streamlit

Personal Statement

I am a clear and logical thinker with a practical approach to problem-solving and the ability to adapt effectively to different situations. I am committed to applying my skills, knowledge, and dedication to contribute toward organizational success. As a motivated and dedicated learner, I am always eager to explore new ideas, techniques, and technologies to enhance my professional growth. I continuously seek opportunities to expand my knowledge, gain new experiences, and develop a broader understanding of the world.

Sincerely,

Mst.Amina Khatun
